Dear Ms. Waldstreicher:

I am writing in reply to your message today. Yes, that is my understanding as well. Furthermore, any and all artwork and/or merchandise that we add to our potential list of items will be treated in the same manner. Please let me know if that is agreeable with you or if I need further explanation.

Best regards,  
Dr. Jorgensen

Dear Dr. Jorgensen,

I am writing with respect to your proposal to sell artwork as a fundraising item for political committees. My understanding is that for sales made through the proposed arrangements with political committees, the price will be marked up by an amount that you and the political committee agree upon, so that you and the artist receive the same dollar amounts you would receive from sales to the public generally and not made through political committees. I would appreciate it if you could confirm this via return e-mail. Thank you, and please let me know if you have any questions.
