Joanna:

In addition to the conditions included in the September 16th request, the Gary Johnson Victory Fund proposes the following additional conditions:

- In the event the Commission either deadlocks or denies an Unapproved Party Committee's party status or an Unapproved Party Committee withdraws its request prior to approval by the Commission, GJVF will return any escrowed funds, allocable to such a committee, to the applicable contributor(s) as of the date of such ruling or withdrawal.
- In the event an Unapproved Party Committee has not provided additional information requested by the Commission for its pending advisory opinion request by November 8, 2016, GJVF will return any escrowed funds received through November 8 2016, allocable to such a committee, to the applicable contributor(s).
