Reference: Art Swann for Tennessee State Senate

This is in reference to a complaint filed accusing the Art Swann for Senate Campaign accepting contributions from foreign sources.

The contribution was from EnBridge -DCP PAC, a Federal Entity C00429662 for 500.00 in July of 2018. I don't believe this could be foreign money coming from a United States Registered organization with all of its contributions from sources with the United States.
