 [MUR7594 Friends of Eric Nelson.pdf](#)

Hello Kathryn Ross,

Yesterday, I received this attached notice regarding possible violation of federal election reporting related to a \$500 contribution to Congressional Candidate Rick Saccone. It is my goal to be in compliance with federal election reporting and I am not aware of a violation.

To my knowledge, all federal contributions were below the \$1,000 reporting threshold and I am unsure of the specific item in violation.

Would you be able to supply some additional information as to what might be in violation? I called your office and left a VM as well so feel free to call or email your additional information.

Thank you,

Eric Nelson
